## STATEMENT OF PURPOSE

Your Statement of Purpose plays a very important role in your selection process. Before writing your Statement of Purpose you are requested to conduct a thorough self-assessment.

The Statement of Purpose is meant to present a unique picture of you. The Admissions Committee is interested to learn about you, what your values and goals are and the distinctive qualities that make you an interesting candidate for the program applied for. Please include specific reasons why this program fits in with your future career plans and motivations and how you feel you can contribute to the program.

Through the essay you are required to display your honesty with self as well as with others; hence sincerity must be evident in your writing. You are free to discuss with people you know or gather information from other sources to help improve your personal statement, but the personal statement must be your original creation. Please note that on account of "plagiarism" in the essay, your candidature for admission may not be considered any further.

Use the space provided below to write your essay. The word limit is 400- 500 words.

A large, empty rectangular box with a thin black border, occupying most of the page. This is likely a designated area for an applicant to provide a statement, list references, or provide other relevant information for their master's degree application.

## TERMS OF AGREEMENT

I certify that the information presented in my application is accurate, complete and honestly presented and has been filled by me. I understand and agree that any inaccurate information, misleading information, or omission will be cause for revoking any offer of admission, or for disciplinary action, dismissal or revocal of degree if discovered at a later date. The Admissions Committee may verify any and all parts of my application materials.
